## H02049 RETRACTABLE SCAFFOLD KEY HOLSTER

*Designed for working at height, GRIPPS® Scaffold Key Holster keeps your scaffold key secure and accessible in a lightweight and industrial-grade design.*

A Velcro flap keeps scaffold keys secure when working at height, and load rated D-Rings provide tether anchor points for securing the tethered scaffold key.

- Compatible with all standard work belts

**5.5** LB **2.5** KG

MAX LOAD (D-RING):

**1.5** LB **0.7** KG

MAX LOAD (RETRACTOR):

THE LEADER IN FALLING OBJECT PREVENTION

## KEY FEATURES

## HOW TO USE

**1** Remove tool ring from Retractor unit then insert into back pouch of holster. Reattach tool ring, keeping the ring exposed outside holster. Note some models require the ring fed through the center of holster + others via the side.

**2** Connect tool to the Retractor or side D-Rings.

**3** Slide tool into holster with connection point applied to tool.

**4** Close front strap.

**5** Apply holster to your work belt, by sliding belt through the slip located on the upper end of holster.
