

MAX LOAD : 2.3KG / 5.0LBS

# C5 FLEXILITE MKII GLOVES

CODE: S21625

## HIGHER FLEXIBILITY. LIGHTER IN WEIGHT.

The new and improved C5 FlexiLite MKII features exceptional flexibility and comfort with a super lightweight, cut-resistant finish.

Like all GRIPPS® gloves, whenever you're carrying the C5 FlexiLite MKII around the worksite, you're also carrying a fully load rated drop prevention system. The patented tether anchor point is engineered directly into the glove and is load rated for any tool weighing up to 2.5kg/5.5lbs.

MECHANICAL RATING: 4542

CONFORMS TO EN 388: 2016 4542C

CUT LEVEL RATING: 5

CONFORMS TO ANSI/ISEA 105 A3
