### TECHNOLOGIES

**PRODUCT DISCLAIMER:** Gloves that provide cut resistance are not cut-proof. The risk for these sorts of injuries will not be completely eliminated or prevented by the use of gloves. Cut resistant gloves are not intended to provide protection against powered rotated blades or equipment, serrated or other sharp or rotating equipment. It is the responsibility of companies and/ or glove users to perform their own testing to determine the suitability for a particular application or use within the environment the gloves are to be used. Safety Mate Pty Ltd may revise this information as new information, knowledge or experience becomes available. EN407 tests are performed on the palm part of gloves only.

CERTIFIED PRODUCT

**Why BSI Certification:** By certifying with BSI, Safety Mate demonstrates to users of our products, that they not only use industry-respected best practices but also choose to work with the organization that developed many of these standards. As a highly trusted global regulator, BSI tests products against industry recognised standards. In a world where safety is of paramount importance, BSI and its logo offer additional value and guarantees that products have been expertly tested to market-leading standards of quality, safety and durability.

# TAKING ACTION ON MENTAL HEALTH

**SAFETY MATE OFFER THEIR  
'BLACK DOG' IMPACT CUT F  
GLOVE TO SUPPORT THE WORK  
OF BLACK DOG INSTITUTE.**

Black Dog Institute is the only medical research institute in Australia investigating mental health across the lifespan.

They do this through 'translational research', integrating research studies, education programs, digital tools and apps, clinical services, and public resources to discover new solutions, foster connections and create real-world change.

For every pair of Black Dog Impact Cut F Gloves sold, Safety Mate will donate \$1 to Black Dog Institute so they can continue to make change in the mental health space.
