

## SMALLER. LIGHTER. BRIGHTER.

The 3AA eLED from Underwater Kinetics is a flashlight with superior LED technology that is lightweight and affordable.

In fact it's the most compact light in its class, so it can go anywhere you go, via pocket, belt pouch, or helmet clip. It features an entirely waterproof design for all weather use.

The 3AA eLED incorporates Compound Path Optics (CPO) technology. CPO creates a tighter more centre weighted beam which allows you see further in poor visibility conditions like fog, smoke, rain, snow, and murky water.

Certified for use in hazardous locations - intrinsically safe.

**BURN:** 7.8 hours

**LIGHT OUTPUT:** 150lm

**BEAM DISTANCE:** 71m

**CONTROLS:** Push button tail switch, switches light between ON/OFF

**POWERED BY:** 3 x AA Alkaline Batteries (included)

**BODY:** Electrically non-conductive, non-corroding. high heat resistant ABS and polycarbonate plastic

**COMPOUND PATH OPTICS:** creates a tighter more centre weighted beam which helps you see further in poor visibility conditions

**HELMET TORCH:** Can be mounted using the Easi On/Off torch base on your Pacific Helmets branded helmet with the B2066146 Helmet Clip (sold separately).
