

COOLING SCARF

DESCRIPTION

THORZT COOLING APPAREL IS DESIGNED TO ASSIST WITH HEAT STRESS PREVENTION BY PROMOTING THE BODY'S THERMOREGULATION.

A cooler body improves the ability to sustain intensive workloads over longer periods of time. The THORZT cooling scarf is a great way to prevent heat escaping and produces an instant cooling effect (reducing your core body temperature and delay the onset of dehydration).

FEATURES & BENEFITS

- Microfiber Evaporative Cooling.
- UPF 50 chemical-free production.
- Lightweight stretch fabric with non-chafing elastic ends for comfortable cooling that will stay put.
- Multi-purpose: protects from sun, defends against dust and debris, and keeps you cool at the same time.
- Machine washable - cooling ability is not affected, reuse again and again.

PRODUCT DETAILS

Materials: 92% Polyester, 8% Spandex

Size: One size fits most

Width: 50cm
